

INSPIRATION BOOK
2023

Almost 100 years ago KLUDI began manufacturing bathroom fittings using traditional methods of craftsmanship. Followed by high-quality, reliable fixtures of timeless design, this expertise formed the foundation of KLUDI. From the tradition as a fitting specialist, the goal was created to combine the highest quality of use, perfect design and sustainability in a unique way. Thus the claim Water in Perfection finds unmistakable expression in our products as well as in all services we provide for our customers. It inspires and drives our future activities.
